

Experience the Thrill of Travelling Through Rarely Seen Areas in Southern Africa

The Swazi Legend 6-night Tour (semi-luxury) is brought to you exclusively by Bonsai Technologies

On this tour, you visit Eswatini. Despite being the smallest landlocked country in the Southern hemisphere, and the second smallest country in continental Africa, Eswatini, formerly known as Swaziland, more than makes up for its lack of size with a hugely diverse range of attractions and activities.

Witness the will of a nation to turn the almost extinction of wildlife into the protection of wildlife and nature in various parks and reserves.

Our tours allow you access to national parks and reserves that are not frequently visited. The surrounding wilderness, the remoteness and the seclusion of travelling through rarely seen areas are the main attraction of our tours. Although we travel mainly on tarred roads, the wilderness experience is not compromised.

The tour is aimed at true bush lovers and those who enjoy the wilderness. Our aim is to offer an overlanding experience and the tour is not designed as an obstacle course or endurance test.

Mlilwane Wildlife Sanctuary

It is Eswatini's (formerly Swaziland) pioneer conservation area, a shining example of what is possible if passion, vision and action fuse. Once a highly profitable multi-purpose farm, and being labelled an "impossible dream", Mlilwane was proclaimed in 1961 and is now the kingdom's most popular eco-destination for locals and internationals alike.

The name 'Mlilwane' ("Little Fire" in siSwati) was derived from the numerous fires started by lightning strikes on the Mlilwane Hill but now holds significance as the little fire that ignited the conservation movement in Swaziland.

We stay in traditional beehive huts. All beehives are uniquely en-suite with shower, basin, toilet and electricity.

Hlane Royal National Park

It was proclaimed as a National Park in 1967, following Mlilwane Wildlife Sanctuary (1961), under instruction of King Sobhuza II. "Hlane" is the siSwati name for "wilderness".

Hlane is a typical lowveld destination with exciting species lists including impressive ancient hardwood habitats, big game and rich birdlife. This 22,000 ha park, once the region's rich hunting grounds, still boasts the largest herds of game in the Kingdom with speciality species being lion, elephant, vultures and marabou stork.

We stay in rustic self-catering, fully equipped chalets with en-suite bathrooms. Chalets are powered by solar, gas or fire.

Malotja Nature Reserve

Malotja is one of the very best highland reserves in southern Africa, its 18,000ha wilderness of high rolling hills and deep forested river gorges offering a genuine wilderness. The Malotja river rises in the reserve, plunging over the 95m Malotja Falls on its way to the Nkomati river, which cuts east towards the Indian Ocean. The rocks beneath Malotja are among the oldest in the world.

We stay in self-catering log cabins, fully equipped, including bedding and towels.
